

## ENVIRONMENTAL POLICY STATEMENT

Jet Time A/S is a Danish Business-to-Business Airline. The company was certified by the Danish aviation authorities and began operating in March 2006. The company is certified to operate under the IOSA Standard.

Jet Time A/S' first priority is "the safety of our passengers". Within that scope we will minimize the environmental impact related to our activities through our environmental management system.

Jet Time A/S will:

- Comply with applicable legal requirements and other requirements to which the Company subscribes and which relate to its environmental aspects.
- Reduce emission of carbon dioxide as this is by far the single most relevant environmental denominator for the airline industry.
- Educate and train relevant employees to carry out the two above commitments.

Jet Time A/S is committed to continual improvement of environmental performance. This Policy will be communicated to all staff, contractors and suppliers, and will be available for the public.

As Accountable Manager I will ensure that all activities are sufficiently resourced to be carried out according to this Safety Policy Statement.

We urge every single employee to help Jet Time A/S to provide our customers and our employees with the highest level of safety obtainable within our working environment.
